NEW Off Highway Vehicle (OHV) Usage Stamp for ATV's

The State of Illinois has announcement that the stamps will be available in early 2014 from vendors who sell fishing and hunting license. You must display the new usage stamp on your ATV by April 1, 2014. The stamp is valid for one year and must be repurchased each year.

The LCA Office is handling this in the same manner as they did the Water Usage Stamp. For this first year, LCA will not require a copy of your OHV Usage Stamp before you receive your 2014 ATV LCA decal(s). HOWEVER, the DNR has the authority to enter Lake Carroll property and check ATV's accessing our trail system. It is up to you to ensure you have the appropriate State registration.

NEW IDNR Water Usage Stamp Required in 2014

Effective July 1, 2013, you are required to purchase an annual Water Usage Stamp for non-motorized watercraft, i.e. kayaks, canoes & paddleboats (available where they sell fishing licenses). You must provide the same Watercraft information used for a State registration to purchase the Stamps. Proof of current Water Usage Stamp must be on file with the Association Office before decals will be issued. If your current registration expires June 30, 2014 or June 30, 2015, you will not need a stamp until that time. For more information, please visit the IDNR's website.
